

BEYOND THE CODE

September 21, 2015

Alif Islam

Jack McCracken

What is Beyond The Code?

"Beyond the Code brings diverse individuals together to share lessons, insights, and advice. During this one day event, you'll engage in meaningful conversations, encouraging presentations, and educational workshops. You'll leave inspired, connected, and with the skills to grow and succeed in the tech industry."

- beyondthecode.io

Why should you attend?

- geared towards females in tech
- learn about how to get involved in the industry
- get advice from professionals in the field
- attend workshops about various topics
- make connections
- most importantly, have fun!

Hilary Mason
